

Daily patient setup made easy

Position of the cushions is easily reproduced for each fraction.

Make patient comfort a priority

Minimal pressure points and soft cushions, designed to fit all anatomies.

Workplace ergonomics

Provide a better workplace experience with lightweight and easy to clean immobilization devices that will contribute to a fast working time and higher throughput.

Maximize clearance, minimize collision

The full AIO setup fits in small CT-bores (minimum 65 cm / 25.59") and reduces the risk of collision with the gantry.

MR compatible

All components are available in an MR compatible version.

The AIO Solution® 3.0 Modules

Stand-alone Breast and Lung module

Advanced Breast and Lung module

Complete Head & Neck and Breast & Lung module with thermoplastic masks

About ORFIT

Orfit brings high precision and comfort to the positioning and immobilization of cancer patients in Radiation Oncology. The combination of Orfit thermoplastic masks and positioning devices provides optimal stability.

Discover the complete family of Orfit systems for brain, head and neck, supine and prone breast treatment, pelvis and abdomen treatment, SRS, SBRT, extremities, pediatric, MR and proton therapy on www.orfit.com
